CHALLENGE ACCEPTED

Mr. Gravelle Says He Can Open a Safe
—The Terms Offered.

G. E. Mayhew, Windsor, challenged
Arthur Gravelle, Renfrew, stating that the
latter could not open a safe by the combi-
nation provided it is set on even numbers.

Mr. Gravelle in reply accepts the chal-
lenge for any sum Mr. Mayhew desires up
to \$10,000. In a letter Mr. Gravelle says:

"I name the mayor of Renfrew as holder
of the deposits. If my attempt to open
the safe be unsuccessful he may have my
deposit for his own use. When I win his
deposit, it shall be paid over to any cor-
poration, association, institution or board of
trustees in Renfrew I shall name, to be
used as their own respective funds."
In addition to the above wager of
\$10,000 as specified, I will also wager any
person any sum from \$5,000 to \$10,000
that I can open a three wheel or four wheel
lock with or without using the same set
of three numbers or four numbers selected
in making the combination."

New Scarfs, 25c.

and yet we're selling. When you see the
pure silk English makes ties we are offering
at twenty-five cents you won't wonder at
the selling. Picking was never easier—

FOR THE MEN WHO DID US PROUD.

Veterans of the Fenian Raid, 1866, Fenian Raid, 1870, and Red
River, 1870, will be the course of a few months in possession of the
medal represented in the accompanying cut. While no authoritative
declaration has been made, it is believed that the medals will be dis-
tributed on May 24th, next year.

The medals, the product of the Royal mint, are of silver, the same
size as the ordinary war medal. The reverse, as shown in the cut, con-
sists of the British crown floating in the breeze encircled by a wreath of
maple leaves and crossed with a straight bar bearing the word "CANADA".
The obverse side bears the usual imperial army long service medal de-
sign, the standard Queen's head.

The name of the recipient will be stamped on the medal round the
edge.

The medal is intended for a general service war medal. The special
applicability will be designated by clasps of which three are authorized,
bearing respectively, these inscriptions: "Fenian Raid, 1866," "Fen-
ian Raid, 1870," and "Red River, 1870."

A NEW KIND OF REMNANTS

That Will Delight the Ladies.

Messrs. Stroud Explain Their Stock-
Taking Sale, Which They Have
Called a Remnant Dish Sale.

We want our whole stock to be cleared
up as clean and compact as possible for
February sale. There's a lot of pratty
things in all lines left over in ones, twos
and threes and we want to see them go.
Therefore, commencing Thursday morning,
January 13th, we will start a Remnant Dish
Sale. There will be entire tables filled
with Bargains in all lines from the com-
mon, useful kitchen dishes, cooking uten-
sils, etc., in Graniteware, Crockery, Colored
Ware, Lamps, Cutlery, Jugs, China, Fan-
cy Cups and Saucers, Japanese Ware,
Jardimers, etc. As our entire stock is
being cleared up, the reductions will be
marked in plain figures the reductions will
show for themselves. It will pay every
housekeeper to now take a look over her
stock of dishes and take advantage of this
Sale to match them up, as a little money
will go a long way.

UNWELCOME GUESTS.

The Residence of Mr. J. H. P. Young
Burglarized.

Some time during last night the resi-
dence of Mr. J. H. P. Young, on John st.,
was entered and ransacked by some party
or parties who had not been invited. An
entrance was secured by the raising of the
kitchen window and removing out of the
way a number of plants which were upon
the window sill. It is evident that the
burglars did not wish to take anything
that could be easily identified, as the only
thing missed is \$6, which was taken out of
two pocket books, which after being rifled
of their contents were left behind. A pair
of gold spectacles are the only other articles
missed. Whether the thieves were dis-
tressed or not is not certain, but in
probability they were, as the upper portion
of the house was apparently not visited.
There is no clue as to who the perpetrators
were.

Special Bargains in Over- coats.

We have a lot of bargains in overcoats
at the Oak Hall. At this season of the
year overcoat stocks are naturally some-
what broken. If we carry over any it
must not be odd coats or two of a line. All
these goods go at a bargain. Come and
investigate.

R. T. of Temperance.

The officers of the Belleville Council
were installed into office last night by Rev.
C. W. Welch. The Council is doing ex-
cellent work and arrangements are being
made to celebrate the 10th anniversary of
the founding of the Society. The following
representatives to the annual Grand Coun-
cil were elected: Regular representatives,
Rev. C. W. Welch and W. W. Chown;
Alternate representatives, Dr. Goldsmith
and Rev. N. Hill.

GOLDEN GLOBE MANIFESTO

New Question Raised by Territorial Expansion Policy.

Commercial Question Cannot Be Made a Domestic Matter—Some Deliberate on the Question of Free Commerce in the Disarmament of the Sea.

London, Jan. 5.—The executive committee of the Golden Globe has issued a manifesto signed by Baron de Sotomayor, pointing out that the policy of territorial expansion on the part of the great powers is the cause of the most serious international interference in a new and extremely important form, and renders it desirable that the club should reconsider its former attitude of reticence with regard to foreign affairs.

The manifesto says: "The world is gradually recognizing that this question cannot be finally settled by any nation as a purely domestic matter." In the opinion of the committee, "some understanding regarding commercial policy must precede any satisfactory results from the disarmament proposals of the club." And they conclude the manifesto with this declaration:

"In our judgment the club should hereafter make more energetic endeavors to shape Great Britain's foreign policy, so as to secure the free commerce of the world, and to prevent the policy, especially in the distant countries now passing into the control of strong civilized powers."

Compelled by Necessity.

The Golden Globe's new departure in the subject of international commerce in the morning papers, the drift of which is undoubtedly that the club at last has been compelled to recognize the original strictness, and to adapt itself to present necessities.

A Belief That the Dynasty of King Alexander Must Soon Fall.

TERROR REIGNS IN BELGRADE.

Belgrade, Jan. 5.—It is believed here that the Orenovich dynasty, now ruling Serbia, is in the process of falling, and that the dynasty of King Alexander must soon fall.

Princess Victoria is the youngest son of the late King Alexander, and is favored by many of the Bonapartists as rightful heir to the throne. It has always been supposed that Bonaparte favored the elder brother, Prince Louis.

The Express is full of confidence for a speedy triumph of Bonaparte. Prince Louis has been such a wild rake that the friends would not be safe in his hands. With so much money and the prestige of popularity, Prince Victor will undoubtedly be able in the future to stir up France.

France and French Ships.

London, Jan. 5.—The Paris correspondent of The Daily News says: "I believe the suggestions that France would accept compensation for the loss of the French ships in Newfoundland are really prompted by the French Government. There is a possibility that the French ships will be returned to the French Government, and it is believed, however, that the whole examination will be conducted by telegraph at the court of Cassation in order to avoid dangerous manifestations here."

Will Sir Henry Sell Out?

London, Jan. 5.—The future of the famous actor and of the leading playhouse in England has been the principal subject of talk since Sir Henry Irving's illness at Glasgow has cut his tour and compelled him to take a winter's rest and to abandon his season at the Lyceum Theatre, which is now being managed by the old Carl Rosa Opera Company, and is singing "Corporal's Guard."

Were the Wounded Massacred?

London, Jan. 5.—The deliberate charge made by Bennett, an Omdurman correspondent, in the pages of The Contemporary Review, that the English and their allies in the Sudan campaign wantonly massacred wounded Dervishes after the fall of the city, is causing a great newspaper sensation. The charge is being freely from every quarter, and the bulk of the evidence seems to be strongly against Bennett. Bennett's charges stand absolutely unsupported in the face of the fact that 9,000—later 11,000—Dervishes were taken to the hospital by the medical staffs of the two armies. British and Egyptian, in Omdurman itself.

Prince Victor Must Be Careful.

Paris, Jan. 5.—The Matin yesterday published an interview with a prominent French journalist, purporting to give the gist of Prince Victor's remarks to the effect that he would not be a candidate for the throne of Serbia, but would be content to remain a private citizen.

Check on Dreyfus Revision.

Paris, Jan. 5.—The anti-Dreyfus party claim a great victory having secured their life in the presence of the court in the Court of Cassation. This, they say, is a final and decisive blow to the revision of the Dreyfus case.

China's Latest Move.

Tokyo, Jan. 5.—An Imperial edict has been issued, appointing Li Yuan as governor of the province of Yunnan. This arrangement is undoubtedly made to deal with the Chinese Government's new move.

TROUBLE IS EXPECTED.

Italy Has Not Yet Got Rid of All the Causes of Enmity.

Rome, Jan. 5.—The generals of the Italian army have been ordered to move to the front of the Italian army in the Sudan campaign, and it is expected that the Italian army will be able to deal with the Chinese Government's new move.

WHERE IS THE CATANIA?

The Steamer *Mezaba*—Lost or Not?

London, Jan. 5.—The Atlantic Transport Company's steamer *Mezaba*, Captain Furlong, from Glasgow on Dec. 27 for New York, in distress in latitude 41° north and longitude 10° west, arrived here, with the captain, Captain Layland, who has met the Catania, and who has been in the Catania since Dec. 27. Her captain, Mr. Furlong, washed away and her decks had been wrecked. She asked to be taken in tow and the Catania agreed to do so. A boat from the Catania, containing the chief officer and five men, was launched, and the chief officer finally succeeded in securing a line from the Catania, but the sea was so high that he was forced to drop it, as its weight was endangering the boat's crew of the Catania. As night was falling and the strength of the sea was increasing further attempts to take the Catania in tow were impossible.

The Catania then signalled, "Don't abandon me," and the Catania answered that she would not, but the Catania asked the Catania to abandon their ship, but they refused. The *Mezaba* stood by all night, but at daylight the Catania was still in the water.

After searching for the missing vessel until 9 o'clock in the morning of Dec. 28, the Catania proceeded for London, having stood by for 22 hours.

EVGENIE MAKES VISIT HER BROTHER.

Son of Jerome Bonaparte Will Get \$100,000 Out of Her Death.

Paris, Jan. 5.—An announcement is made on the authority of a member of the Bonapartist family that the ex-Empress Eugenie has decided to make Prince Victor Napoleon her heir to the \$100,000 fund which the late Emperor arranged with several insurance companies to pay on the death of the Empress.

Prince Victor is the youngest son of the late King of the Bonapartists and is favored by many of the Bonapartists as rightful heir to the throne. It has always been supposed that Bonaparte favored the elder brother, Prince Louis.

The Express is full of confidence for a speedy triumph of Bonaparte. Prince Louis has been such a wild rake that the friends would not be safe in his hands. With so much money and the prestige of popularity, Prince Victor will undoubtedly be able in the future to stir up France.

with a cerebral trouble, but it was only
during the last few weeks that it assumed
an acute form, and he was forced to take
his bed. He bore a painful illness with
great fortitude. All the surviving mem-
bers of the family, with the exception of a
son, who is absent in England, were present
at the death bed.

The Right Rev. Edward, late Bishop of
Algoma, was born at Lingen, Ireland, Aug.
18, 1832. Educated at Brandon and
Clonmel, he proceeded afterwards to
Trinity College, Dublin, where he gradu-
ated in 1857, being third of the "Respon-
dents" for that year. Coming to Canada
in 1858, he was ordained as deacon in that
year, and to the priesthood in 1859, by the
Bishop of Huron. Appointed assistant
missionary in the Township of London, he
labored in that field up to 1862, when he
became assistant to George G. Montreal,
to the present Bishop of Huron. While
there he established a reputation
for pulpit oratory, which led to his appointment in 1863 as Rector
of Trinity Church, Chicago, where he be-
came a great favorite with the large and
influential congregation worshipping under
him in that parish. He was recalled to
Montreal in 1878 to take over the rector-
ship of St. George's, and remained there
until his elevation to the episcopate as
Bishop of Algoma, June 29, 1882. His
Lordship was consecrated in Montreal in
that year by Archbishop Lewis of Ontario,
assisted by several other prelates, includ-
ing Bishop Odo of New York. "The
record of Bishop Sullivan in the diocese of
Algoma," says the Rev. Dr. Macdonald in
the "Lives of the Canadian Bishops," is
one of singular devotion to duty, with an
entire disregard of personal comfort and
ease. In a missionary diocese he was truly
a missionary bishop. His first year's record
was 11,000 miles of travel by land and
water in promotion of his charge. When
his accepted office the diocese had 16 mis-
sionaries, who number had increased
1893 to 30. But a little more than a year
after becoming Bishop of Algoma, Dr. S.
was elected by a very large majority to the
vacant chair of his old diocese of Huron.
His reply ("My duty to Algoma compels
me to decline") was characteristic of that
zeal and devotion which in recent years
broke down the walls of the diocese, and
enabled him to achieve marvellous results in
his field of labor. Before failing health
compelled him to take needed rest in 1893,
he visited every parish in his diocese, and
a roll of 68 churches, all free of debt, was
the splendid monument which he had
erected. His Lordship went to Europe,
1894, being appointed by the Colonial and
Continental Church Society Chaplain of
St. Germain, France, for the winter season.
Resuming his labors in
Canada, he finally resigned his See on his
appointment as Rector of St. James' Church,
Toronto, in succession to Bishop
Dunneville, Nov. 1896. While in Chicago
he was elected a Vice-President of the
Baptist Reform Association of the United States.
He married, Oct. 1867, Frances Mary,
second daughter of Edward Sullivan, of
Neufchatel, by his wife, Mary Ann Camp-
bell. Two of their children, Alan Sulli-
van, a graduate of Toronto University, and
Miss Kathleen Sullivan, have displayed
literary gifts and cultivation of a high
order. The late-named died in Toronto,
Oct. 29, 1897. Among the tributes to the
deceased Bishop received at different times
are the following:

If you were never thrilled in your life,
you will experience the thrill when you
see John Griffith in his fencing scene in
"An Enemy to the King," at the opera
house, Jan. 11.

The most convincing argument in favor
of our clothes for little fellows is the
coming again of Mothers who know what's
best for their children. Some old line boys
suits being cleared at reduced prices.
QUICK & ROBERTSON.

It will be strange indeed if the many art
of fondling does not take a boom after
this case is the case. It is evidenced by
the number of watches sold at the price
elsewhere.

Hardly a garment in your wardrobe so
worthy a companion as the utility. If it's
good you'll know it's worth the longer. If
from you it's good. Excellent garments at
\$5, \$6 and \$7—Quick & Robertson.

BELLEVIEW BOY BANQUETTED.

Paul LaRue Farewelled by Picton Friends.

The following from the Picton Gazette
refers to a well-known former Belleville-
ian: Mr. Paul LaRue, the genial leader of the
Citizens' Band for the past fifteen years,
was tendered a farewell banquet by the
members and ex-members of the band,
prior to his departure for Picton, on Fri-
day evening last. The affair took place at
Mr. H. Chubb's, who provided a sumptuous
repast. After dinner had been served
speeches were in order, and all expressed
regret at losing their valued leader.
At the conclusion Mr. LaRue was pre-
sented with the following address, to-
gether with a well-filled purse, as a token
of their respect for him:

"Dear Sir: The members of the Citizens'
Band of the town of Picton, and
those who have been members of the band
for upwards of ten years, desire on this
occasion to express to you their deep re-
spect and affection for you, and to thank
you for the many pleasures and enjoyments
which you have afforded them. We have
been very much pleased to have you as a
leader and teacher, and we have been
very much pleased to have you as a mem-
ber of the band. We have been very much
pleased to have you as a member of the
band, and we have been very much pleased
to have you as a member of the band. We
have been very much pleased to have you
as a member of the band, and we have been
very much pleased to have you as a mem-
ber of the band. We have been very much
pleased to have you as a member of the
band, and we have been very much pleased
to have you as a member of the band. We
have been very much pleased to have you
as a member of the band, and we have been
very much pleased to have you as a mem-
ber of the band. We have been very much

The militant attitude assumed by him, not to allow it. The Belgian Government constantly expels obscure persons suspected of being the property of other countries with whom it maintains good relations and the Belgian Government might feel obliged to take measures to prevent the country from being made the scene of a plot against the French Government.

Montreal, Jan. 7.—President Lory and General Manager Underwood of the "Star" will arrive here to-day or Sunday, and as the G.P.R. board of directors meet on Monday, it is quite probable that Mr. Underwood's resignation will be discussed, and perhaps his successor appointed.

As a matter of fact, the general manager's resignation has not yet been received here, but he probably brings it in his pocket.

The story is that the Baltimore & Ohio offered to double Mr. Underwood's salary, which was \$10,000, and give him the handsome bonus of \$100,000.

RINGERS AMONG THE BEANS.

How a Supply of Fresh Quinine Insured a Pledge.

"Perhaps I shouldn't go into any retrospection that might reflect upon the doctor's chance of election," said Major Droilner, "but there's one thing that has always prejudiced me against him. It is a small matter, perhaps my prejudice is not conclusive enough to establish a case against him before an ordinary jury, but from the point of view of a specialist, I certainly would look bad for him. We were down in the Red river country in 1874, and found a regular supply of our hands during the evening. The doctor for us lot of quinine to keep down the fever and gave us wholesome advice about diet, particularly about the beans. He didn't seem to know the commonest rudiments of the game, and was an impatient player as well as a soldier. We played with shotgun beans for chips, and there were less than 500 in the camp. I had control of the singular suggestion of the chain of circumstance, which was my arrangement of the doctor. We had been taking our quinine in powdered form and the stock got low. He made a requisition on St. Louis for more, and it seemed slow coming. One night when he was a heavy sleeper, I was the waker, and I pretended to go mad at the gun wads, said they were grim old hoodlums, and at the close of the game charged 'em all into the fire."

Next night when we wanted to start a game he suggested that we should get some white beans from the cook and send my pocket and said nothing. Next day I got thinking about the matter and counted up the beans. I found I had 500. Then I looked 'em over and found that a lot of them were ringers—artificial beans, they might say. I said nothing about it, but separated the ringers from the good beans and put them in another pocket. I was on to wooden nutmegs and had heard of the old game, but I didn't know anybody could afford to make imitation beans even if they did sell for a dime a bushel.

"This candidate had one bow, or common receiver, on the top, into which was continually dropping, and from it, by seven secret pipes, or passages, it was forced to the seven lanes. So that, without any further care, they received all as fast as they wanted it (as in those words we call fountain inkblots or fountain pens). They never wanted, nor were ever called, and so kept always burning clear."—Notes and Queries.

Lasts long lathers free—a pure hard soap—low in price—highest in quality—the most economical for every use.

That Surprise way of washing—gives the sweetest, whitest, cleanest clothes with easy quick work. Follow the directions. Saves weary work—much wear and tear.

Surprise Soap is the name—don't forget.

Often in the morning there comes a feeling of weariness, indescribable; not exactly ill, nor fit to work, but too near well to remain idle.

A Ripans Tabule taken at night, before retiring, or just after dinner, has been known to drive away that weariness for months.

INFANT OXFORE

Has all modern improvements—Brated oven, thermometer in oven door and everything else to make it a perfect range.

AIR-TIGHT HEATER has come to stay. It has proved itself the most economical and efficient heating stove in the market.

HIGH SCHOOL INVESTIGATION

Warm Debate Over the Special Committee's Report.

Mr. Johnson Thinks Harsh Language Was Used—Miss Palen Appointed to Octavia St. School.

The final meeting of the Board of Education of 1898 was held last night, and proved to be lengthy and somewhat heated in its character. The bone of contention was the report of the special committee in reference to the number of scholars leaving the High School and attending Allers College.

Present: Dr. Tracy, chairman; Messrs. W. Johnson, T. Willis, W. C. Reid, J. H. Mills, H. Walker, G. Bennett, J. F. Willis, J. Martin, H. Fringle, I. Diamond, W. P. Hudson, W. Williamson and Rev. Canon Burke.

The minutes of last meeting were read and confirmed.

COMMUNICATIONS, ETC.

From Miss Annie Rosely, requesting balance due her of \$22.

From Mr. S. M. Mathews, of Peterboro, asking to be appointed as a teacher upon the High School staff should an additional teacher be appointed.

REPORTS.

The Finance Committee recommended the payment of a number of accounts.

The School Management Committee recommended that Miss Ingeborg Palen be engaged in the place of Miss Annie Rosely, who resigned, and her salary to be fixed at \$300 per year until August, 1899. That Mr. D. Barrager be permitted to teach temporarily the fourth book to pupils who have been promoted by him and who so desire to be taught by him.

The Printing and Supplies Committee recommended that the balance due to Mr. C. O. Leavens for coal be paid, but in future that all coal be weighed upon the market scales. The coal received was first-class in quality, but quantity could not be entirely satisfactorily ascertained.

The special committee on High School, as Albert College reported in substance as follows:

SPECIAL COMMITTEE RE HIGH SCHOOLS.

The Special Committee to deal with the matter of pupils leaving the High School and attending Albert College met in pursuance of a resolution of the Board, and a circular was addressed to parties who it was alleged had complained. The last clause of the circular read as follows:

Should no reply to this be received from you we shall conclude that no objection to the teachers or staff of the High School exists on your part.

The committee met for organization on the 14th of December, 1898, and finally on January 14, 1899.

The committee received 8 written reports of not less than five or more than ten minutes each in the forenoon and afternoon each day. That no pupil be reported to the assembly room unless for a serious offense, and that the Head Master report same to the Chairman of the Board.

That monthly reports be printed at once and issued in schools.

REPORT AT PROGRESS.

The Committee are of opinion that the results of the examinations are a fair indication of the progress made by the school and by the pupils generally, and that the same compares favorably with other High Schools.

AS TO HARSH LANGUAGE.

(a) The Principal denies he ever used any to pupils.

(b) That the language complained of applied to teachers not now in the employ of the Board.

(c) Your Committee, however, cannot too strongly express their disapproval of the use of harsh language by either the High School or Public School teachers, and recommend that the Committee of School Management deal at once with any case to which their attention may be called.

The Committee recommend that on the engagement or re-engagement of any teacher hereafter in the High School that the headmaster be consulted, and that he shall from time to time report to the Chairman of the High School Committee as to the efficiency of the staff.

On motion the Board went into Committee on the whole of the Report, Mr. W. Williamson in the chair.

The Finance Committee's Report was adopted without discussion.

The School Management Committee's recommendation that Miss Palen's engagement be renewed was discussed.

Mr. Wm. Johnson thought Miss Palen was entitled to receive a larger remuneration than the committee recommended. He moved that Miss Palen be paid \$300 per year, as she had a first class certificate.

Mr. Walker said he would like to accede to Mr. Johnson's motion, but there were others teaching the same grade who received but \$250, and it would be unfair to them.

The motion was withdrawn after some further discussion.

The recommendation in reference to Mr. Barrager teaching the fourth book was concurred in after the Chairman of the Board had stated the reasons for allowing Mr. Barrager to teach. The scholars wished to be taught by Mr. Barrager, and he did not attend the High School for pecuniary reasons.

The Printing and Supplies Committee report on coal purchased from Mr. C. O. Leavens was adopted.

The Finance and High School Committee's recommendation to Mr. Mosman, the caretaker was adopted. The caretaker was instructed to be more careful in future in the discharge of his duties.

The Special Committee's report on High School pupils leaving and attending Allers College was taken up, and a majority of the recommendations were unanimously adopted. In reference to the teachers making a monthly report a discussion ensued.

Mr. J. F. Willis was not in favor of a monthly report, but in his opinion a report should be sent to parents fortnightly. Our High School was a good school, and we wanted the numerous reports stopped. He moved in amendment that a fortnightly report be made instead of monthly.

Mr. Hy. Pringle did not think it necessary to make a fortnightly report. It was impossible to ask upon the teacher, which the facts did not warrant. He was in favor of the report being made monthly.

Mr. H. Walker spoke in support of the amendment.

Rev. Canon Burke was in favor of the report being made monthly as recommended by the Committee.

In answer to an inquiry, Mr. E. F. Millburn, the Principal of the High School, said the making of a fortnightly report would not entail much more work upon the teachers.

The amendment prevailed after some further discussion.

The report's recommendation in reference to harsh language and discipline in the school brought forth the discussion of the evening.

Mr. Wm. Johnson, whilst giving credit to the Committee for the excellent report prepared, did not agree with reference to the clause referring to harsh language. In his opinion remarking he referred to the High School and stated that it was not doing as well as other High Schools. There was no denying this fact, because it was apparent that there were High Schools around which were doing better work, and there was something wrong. The pupils went away because they were not making good progress. The fault was in the High School, and the High School Committee had done its duty well. The discipline was severe, so the committee stated, which had been proven. The Head Master had denied he had used insulting language. But he (the speaker) could produce ex-pupils who had been insulted by the language used to them by the Head Master. Every influence had been brought to bear upon parents not to give evidence at the investigation.

Mr. I. Diamond said Mr. Johnson should have appeared before the Committee and made the statements which he made tonight. The Committee would have considered them and their findings would have been made accordingly. It is severely been used by the staff it was owing to the pernicious statements which had been made upon the streets and other places. He was certain our High School would compare favorably with any other High School.

Mr. W. P. Hudson said the Committee had endeavored to do their duty to the staff and pupils of the High School. The students were not based upon facts when he made them before the Committee. The Committee had recommended that discipline be less severe in future. Our High School on the whole made as good a showing as any in the Province, with but one or two exceptions, and this he could prove by the Minister of Education, Mr. Harcourt, whose children left the High School, instead of condemning the teachers condemn the parents in upholding their children. Dr. Ekins had no fault to find with our staff, but took his children away because Miss Palen was engaged as a teacher.

Some of the pupils had gone to Albert College to study certain subjects which the High School teachers had not time to attend to. They had a good staff of teachers, and turn out as good a class of scholars as any High School in the Province, with perhaps one or two exceptions. The report in his opinion was an impartial and fair one.

Mr. Thos. Willis spoke in favor of the report, and it was adopted with the amendment in reference to fortnightly reports being made.

On motion the Committee rose and adjourned. The report was received and adopted.

Mr. Thos. Willis moved, seconded by I. Diamond, that a deputation be appointed to wait upon the Minister of Education for the purpose of making known to him the High School's position.

The mover said the present system of teaching was a double one. The pupils were taught French and German in the morning, and the modern languages taught in the Public Schools and not by books. The mover said the present system of teaching was a double one. The pupils were taught French and German in the morning, and the modern languages taught in the Public Schools and not by books. The mover said the present system of teaching was a double one. The pupils were taught French and German in the morning, and the modern languages taught in the Public Schools and not by books.

This was a move in the right direction and one which would do credit to the city and the country.

Mr. J. F. Willis thought some of the subjects on the curriculum were just name and could be erased, and French and German taught orally. It was in his opinion a move in the right direction.

Mr. Walker thought more time should be devoted to the discussion of this important subject, and he would like to see the motion stand as a notice until the next meeting. It was an elaborate scheme. He was not so sure about having these languages taught, as they were only a few years ago, when it was rather in vogue in the country to have but one language, and the proposed motion meant the introduction of two foreign languages.

The matter was allowed to stand as a notice of motion.

Mr. Johnson's notice of motion at last meeting in reference to reducing the number of representatives upon the Board and the number of members of the city, same as the Aldermen, was allowed to stand.

The matter of payment of Miss Rosely was referred to the Finance Committee.

Mr. J. F. Willis moved, seconded by Mr. Geo. Bennett, the suspension of the rules for the passing of a motion, asking for the number of scholars employed, salary paid, the number of rooms in school, the number of scholars in each room, the number of pupils and the attendance.

This was allowed to stand as a notice of motion.

On motion the Board adjourned for five minutes, and upon reassembling the minutes were read and confirmed and the Board adjourned sine die, after the singing of the National Anthem.

ECONOMY. WHAT IS IT?

The families which have of late been aimed by pop-guns and directed at two or three of our city officials, by self constituted economists, or perhaps it would be more correct to say, directed at the City Council and Board of Education, because these corporations pay two or three city officials, for the labor they perform, more than these parsimonious critics think they should receive.

Beginning with the caretaker of the City Hall, who they intimate is reavelling in luxury, on something like a dollar a day, they demand a reduction. We have not learned that he sports a carriage and liveried footman. If he does not, he ought to do so, out of such a magnificent income. But then there are many in the city who live upon less, say these pious economists. Yes, we have heard of such, but it is no reason why a city should put its servants upon a bread and water diet, because some are obliged to so live, and others who have means are too parsimonious mean to live any better.

An attack is also made upon the engineer whose duty it is to look after and keep the fire engines in readiness for use at every moment and at any hour of the day or night. The responsibility of a position of this character is great, and the man who assumes it should receive fair remuneration. No doubt there are scores who would resume the duties as half what is now paid, who in all probability know about as much about a fire engine and its mechanism, as the engine knows about them. An incompetent man in such a position might result in the loss of tens of thousands of dollars worth of property.

In case of a fire, a short delay arising from a defect in an engine, or in not being ready, might result in untold loss. What a howl these economists would raise against everyone in authority, were such a case to occur.

It may be true that the man in charge has not much physical labor to perform, and is enabled to "walk about and get fat." The less he has to do beyond keeping the engines in order and ready for use, the better for owners of property and for insurance companies. That, however, does not relieve him from constant attendance day and night, not knowing at what moment his services may be required.

Mr. McCurdy does not receive one farthing too much for the work he does and the responsibility he assumes. To reduce it would be the worst kind of economy.

The attack upon the Secretary-Treasurer, and legal adviser of the School Board, is chronic, and no doubt the result of that gentleman's exposure of the hypocrisy of those extremely close and parsimonious men when it comes out of their own pockets, and lavishly liberal when it costs them nothing.

Public officials who assume responsibilities and attend to their duties should be liberally, but not extravagantly, paid. Any other course would not only be false economy, but a criminal neglect of duty on the part of those who employ them.

"I had a strange dream the other night," said the Mayor.

"What was it?" asked the Young Thing.

"I went to heaven, and as an old newspaper man, was interested in their journal up there. It was a miserable thing; not a well-written story in it, and I told St. Peter I never fall to cure. So write at once to the above address."

THE C.O.F. CONCERT

Was a Most Delightful Affair in Every Respect

All Belleville's Favorites Were on the Programme, and the Result Was a Foregone Conclusion.

Flowers and ferns and bright colored lanterns made the Catholic Foresters Hall a veritable thing of beauty last night, and the large audience which greeted their second annual concert must have been very gratifying to the gentlemen of Court St. James. The acoustic properties of the hall are very good, but the same can hardly be said of the opportunity for seeing. It would suggest that before the next entertainment, the stage be raised. But then people went to hear and not to see, and the sweet singing and delightful music was there, whether one could see the performers or not. Mr. F. P. Carney was chairman, and he, in a few graceful words, thanked the audience for the large turnout, and the ladies and gentlemen who kindly contributed to the evening's entertainment. Miss Mabel and Dottie played a brilliant piano duet. Mr. J. Nevins Doyle chose as his first number the old favorite "Yeoman's Wedding Song," which was well suited to the excellently trained voice, and for an encore sang a pretty little lullaby, "Sleep, My Little One." The Honorable Ward's selection, "Scotia," was very pleasing. This young lady showed marked improvement, and her flexible voice and excellent method gained her great applause. Mr. Fox's first number was "I Happened to Be There," and from the applause which greeted it, the audience seemed to be glad that he happened to be with them last night. For an encore he sang a pathetic ballad entitled "Lucky Jim," which was like Mr. Fox's previous ones, always are, received with great applause. Miss Lily Miel evoked great sounds from the piano, and her execution was brilliant and her technique admirable. Mrs. James Grant could not have made a better selection than her first number, "I'm a Soldier's Girl," which she sang beautifully, and gained her a rapturous encore, to which she gracefully responded by a selection from "The Girls." Mr. Fairman then sang a ballad, "The Old Folks at Home," which was received with much applause.

In the second part of the programme a piano duet, Miss Katherine Ward's selection, "The Enchantress," showed off that young lady's rich contralto voice to great advantage. For an encore she sang a sweet little ballad about "Sun," which was full of tender pathos and touching melody. Mr. Fairman then sang another ballad, "Homes, Sweet Homes," which was well received, and gained her another encore, to which she gracefully responded by singing the personal "Last Rose of Summer," with superb taste and expression. Last but not least, Mr. Fox, in his final number, sang "The Old Folks at Home," and for an encore, "Serving them all alike." Mr. Col. Campbell acted as accompanist.

Much credit is due the Committee, Messrs. McHugh and Carney, for the splendid entertainment provided last night.

Calling Down All Round.

Peterborough Review: Superintendent Collins, of the Central Ontario railway, who issued the circular letter to the employees of that road ordering them to vote for the Hardy candidate in the North Hastings election, has been roundly called out by the Free Press.

Mr. Hardy's residence in Cleveland, O. He richly deserved the calling down, and the candidate who has been out of the race for some time, and whose name was made doer of the defeat which was so well administered to him. The President called down the superintendent, and the people of North Hastings called down the Hardyites.

THE RECORD DINNER.

WHAT THREE THOUSAND GUESTS DISPOSED OF AT ONE MEAL.

Tons of Food Required to Appease Their Hunger. Some Astonishing Figures of the Quantities of Dishes—Miss Royal Wins the Prince of Wales Feasted.

What was the biggest banquet ever given in London? There are anxious inquirers of thousands seated before a Royal banquet, but that is before the eyes of chefs, of daily papers and of wholesale caterers.

Probably the biggest public spread ever given in this kingdom occurred a few evenings ago at the Albert Hall. Three thousand guests, including H.R.H. the Prince of Wales, sat down to this record feast.

An inquiry into the subject by a Daily Mail representative elicited the following interesting statistics in connection with the feast, which was supplied by the well-known caterers, Messrs. Spence & Ford. Our interviewers were told of the countless wounded, dismembered and vanquished, the result being, however, a splendid victory, it reads like a page out of Harrison's Annals:

"Eight hundred," begins the record, "consisted of 3,000 guests as they took their seats, following the royal chairman's example, at the tables glittering and crowded with the weapons of defence. One thousand one hundred and twenty pounds of salmon and 1,200 lobsters were prepared before the guests arrived, and with them went 20 large sirloins of Scotland's roast beef. The neck of a considerable fall before the falling blades, but 224 pounds of pressed beef made a very fair struggle, considering one volunteer had to be worth ten pressed beef, as the saying goes.

"Of 50 glistering powdered hams little more than the bones were left, while 400 pulled, 800 pigeons and 2,500 quail were consigned to the oblivion of heavy digestion, preceded or accompanied by 100 oranges in fragrant alikes. These huge avancements of edibles went to their doom with the detachment of 250 pounds of mixed vegetables and 1,800 roast, fresh lettuce, bearing in their hearts the crystal tears of the heavens. But the end was not yet, for the continuing array found on, and with their jaws to the foe, but 600 jellies and blue manges quivered and oscillated like crabs, though they never retreated from their place.

"The attack was chilled by 380 ice puddings, but the foe went eating on, and the next minute was in the orchards doing cruel execution. From their armored coats and green crests 100 pineapples were hurled, and 100 cool lemons gave up their luscious crimson interiors, and 1,000 bananas were about to succumb, when a cry arose, 'Santified applets to the number of 750, with 750 green grapes and ten bushels of strawberries, proved their devastating grip by the indigestible fact that each left a stone to his own memory as he died.

"None with all these are 650 apples that will never see the silver vat, 740 oranges that narrowly escaped the marauding jar, 500 pounds of grapes that died in medical innosence, and were saved from the suffocating bug of the wine press, and 700 pounds of strawberries just from their beds of green leaves, which will never rest again. When the missing were counted it was found that 200 cold, honest lemons and 4,000 cranberries were among those that were not left, but had gone before.

"It do not wish to detract," continues our chronicler, "from the deeds of the victors, but it must be remembered they had magnificent supports. The proper spirit of the occasion was sustained by 100 bottles of whisky and 100 of brandy. The sparkling champagne from 3,450 quarts was navigated through 600 bottles of lock gave assistance early in the combat, 500 bottles of sherry aroused a glow of martial ardor, 500 bottles of stout poured out a life-blood-colored stream before them, 400 bottles of port prevented them from going to the 'starboard' by mistake, and 100 bottles of mineral water kept them cool and collected.

The bases of attack were laid on 800 quarts of tabloids, and 100 of the pieces of glassware, 50,000 pounds of copper, 3,000 plated dishes, 1,000 leafy powerful china dishes and 1,000 compe and fruit dishes. As arms, the enemy were supplied with 10,000 knives and 10,000 forks, 13,000 spoons and 4,500 serviettes to prevent any arming on to their glossy linen cuirasses or bronchial lung snuffings. It was a great fight," added our informant, "and we won a great victory in being so signally defeated."—London Mail.

A STRANGE FREAK OF NATURE.

More Truth Than Fiction About a Remarkably Fabulous Story.

From some of the newer countries, so-called, an account of the lack of definite knowledge regarding them, reports of strange freaks and curiosities constantly appear, and as a rule, they are laughed at, but now and then while they turn out to be the truth. It is in this way with a strange freak of nature called the Blush caterpillar, which is indigenous to New Zealand. This report, which stated that at certain seasons a large black caterpillar would bury itself in the ground, and be converted into the root of a bluish, was laughed at, like the rest, but now an English scientist, who recently gave an exhaustive investigation of the strange phenomenon, stated that in many respects the statements are strictly true. From his report it has been learned that the caterpillar grows to about three and one-half inches long, and when about the size of a pea, it buries itself in the ground, and in doing so it is frequently infected by the spores of some fungus, which becomes involved in a web in its neck. These the larvae is unable to expel, and the vegetation thus set up rapidly extends throughout the caterpillar body, replacing each animal cell thus destroyed by vegetable matter, and in due course it turns into a comparatively dense vegetable structure, which retains every detail of the body, even to the legs, but is entirely and minutely changed. From the neck, the portion first infected, there is a check up a single stem, which grows to the length of six or ten inches, and is covered very closely the club headed bluish in miniature. It has no leaves, and if the first stem is broken off, a new one rises in a place. Through two stems never grow a unitaneously from the same "caterpillar."

ANOTHER VISIT TO THE POPE

A Quebec French Newspaper Publishes the Rumor.

The Mission of Mr. Belcourt—Claimed That it Had for its Object the Securing of a Further Delay.

A special telegram to the Mail and Empire from Montreal, Jan 10, states that the Evening Star publishes a rumor that the Pope has written to Sir Wilfrid Laurier requesting him to fulfill his promises respecting a full restoration of the rights of the Catholics in Manitoba with respect to their schools, and it then adds: "We understand that an important clerical gentleman has been instructed to see Sir Wilfrid Laurier concerning this matter and to inform him of the wishes of Leo XIII. It is evident that the visit to Rome of Mr. Belcourt, M.P. for Ottawa, special envoy of the Federal Government, has for its object to obtain a further delay. Has Mr. Belcourt the mission to make new promises to the august old man of the Vatican? It is stated in certain Ministerial circles that, when asking delay, he will explain to the Holy Father that the Washington negotiations, in which Sir Wilfrid is presently engaged, and which take up all his time, prevent the Canadian Prime Minister from attending to the Manitoba School question for the present."

MARRIED AT ST. MICHAEL'S

A Popular Young City Lady Weds a Trentonian.

A large number of the fair sex assembled at St. Michael's Church at 8.30 this morning, to witness the marriage of Miss Kate Morris, of this city, and Mr. Owen Fortune, of Trenton. After the marriage ceremony the nuptial mass was celebrated by Monsignor Farrelly. The bride was becomingly attired in Ruby cloth, trimmed with satin, and lace, and looked charming. She was given away by her brother, Mr. Ed. Morris, of West Superior, Wis., and was escorted by her niece, Miss Teresa Morris, of Minneapolis, who was attired in a dress of castor cloth, with satin trimming. The groom was assisted by Mr. W. Doyle, of Frankford. At the conclusion of the ceremony the guests repaired to the residence of the bride's mother, on St. James St., where a wedding breakfast was partaken of. The young couple left this afternoon on a bridal tour to Buffalo, Rochester and other places. The bride received a large number of presents which were both handsome and costly. The bride is a well-known young lady of this city, having occupied the position as head milliner for some time at Messrs. Scurr & Co. The groom is book-keeper for the Gilman Company at Trenton, and is exceedingly popular. The congratulations of their many friends will be extended to them.

150 Students in Attendance on Ontario Business College, Filling 40 Boarding Houses.

A stranger standing on Front St. at noon the other day saw an immense crowd of young people coming out of the building on the corner of Front and Bridge sts., and was informed, in answer to his inquiry, that they were the students of the Ontario Business College. "Well," he said, "your City has got one great industry, anyway."

There are 150 students now in attendance, occupying 40 boarding houses in all parts of the City. They have come from twelve different provinces, states and colonies, and in Ontario from Oshawa, St. Thomas and Port Arthur on the west, from Orillia and Muskoka on the north and from Ottawa in the east, passing all the business colleges in the province to reach the O.B.C.

Rotten State of Affairs in the U. S. War Department.

Investigation Committee Censures Alger, Miles, Shafter, Breckenridge, Brooks, Congress and the Medical Department.

(Special to the INTELLIGENCER.)

New York, Jan. 16.—A Washington special to the Herald states that the committee appointed to investigate the war will place the blame as follows: Secretary Alger, for weakness, especially in his relations with Gen. Miles for permitting Gen. Miles to go to Santiago; Gen. Miles for his conduct before, during and after the war, for his selection of certain army camps, for telling Secretary Alger he was in the habit of making out his own orders, for bringing unfounded charges that had been supplied to the troops in Porto Rico; General Shafter for certain points which he admitted in his testimony; Gen. Breckenridge for having his department to take part in the Santiago battle, for not making more inspections; Gen. Brooks for conditions at Camp Thomas; Medical Department for lack of inspection, for failure to carry out proper sanitary regulations; Congress for failure to make appropriations for smokeless powder. President McKinley will publish his full report of the investigating committee within ten days.

MILITARY SCHOOL.

Its Establishment in the City an Accomplished Fact.

Lieut.-Col. P. Atton, of the XV. Batt., has been for some time past endeavoring to get a Military School established in this city and his efforts are at last to be crowned with success. A Provisional School will be opened here some time during the latter part of the present month, at the drill shed. Two instructors from the permanent corps will be sent here, and representative officers and non-commissioned officers of the 16th, 40th, 49th and 125th Batt., will be asked to attend the school. This is considered a good thing for the city, and will do much to highly appreciate by those who take an interest in military matters. First and second-class certificates will be issued to the successful competitors.

WINTER IN THE PHILIPPINES.

Trouble Easy to Settle if Gone About in the Right Way.

It is Mostly Plain With Aginaldo. The Insurgent General thinks He Has Been Neglected and Grieved the Cold Shoulder by the Americans. The Whole Matter Greatly Exaggerated—Man of Affairs and Military Ability Required.

New York, Jan. 19.—"Nothing in the world is easier of settlement than a situation in the Philippines. It could be settled in three days." Such was the emphatically expressed conviction of Gen. Charles A. Whitier, speaking for publication for the first time yesterday since his return from the Philippines, who had been in Manila with Gen. Merritt, and there served as collector until the 10th of October.

"In the first place," said Gen. Whitier, "there is a wide ignorance of the wealth of the Philippines and the character of the Filipinos. The natives are not ignorant; they are not savages. They are adept at manufacturers and as accountants, mariners and railroad operators. They are quiet, most temperate, and have shown great ability in military affairs."

"With fairness, accompanied by diplomacy and tact, I think it is the simplest matter possible to bring them under our control."

"I saw Aguinaldo on Oct. 27, three days before leaving Manila. He said the people were about equally divided, one-half favoring absolute independence, the other half favoring an American protectorate."

"A confidential friend of Aguinaldo, Ruan Camino, joined the insurgents at this point, and after failing while with Aguinaldo, expressed very strongly his opinion that the two could not be brought to the acceptance of a protectorate."

"Aguinaldo and Ruan Camino added expressions of pleasure at my visit, as they felt they had been neglected, and rather given the cold shoulder by the Americans since the day after the fall of Manila, when they were assured of our friendship."

"Speaking of the existing conditions of affairs at Iloilo, Gen. Whitier said: 'The whole matter is greatly exaggerated and I think could have been better settled. I have seen the statement that the strength of the native army is 100,000 men. I greatly doubt if they are more than 10,000. The early part of October merchants in Manila having business connections with Iloilo as the only way to the coast, were likely to occupy the place any day, and that the Spanish had less than 500 men there, and were prepared to evacuate the place. Any movement after the treaty could have been averted, I think, by an arrangement with Aguinaldo, as I have already suggested.'"

"There is the greatest necessity for a man of affairs and business methods, combined with military ability, to be appointed as Governor-General of the Philippines."

WESTERN DAIRYMEN.
Gaulph Opera House Was Filled on the Second Day—An Interesting and Profitable Program.

Gaulph, Ont., Jan. 19.—The Opera House was filled at the second day's proceedings of the Western Ontario Cheese and Butter Men's Association convention.

The program embraced a paper by Dr. Connell on "Bacterial Infections in Cheese," an address from Mr. D. Derbyshire, president of the Eastern Ontario Butter and Cheese Makers' Association, in which he extended a cordial greeting to a paper by Mr. P. C. Harrison, O. A. College, "The Social Cause of Bad Flavor in Cheese," a paper by Prof. Dean O. A. College, "Curing Rooms, Including the Sub-Soil Drain, the Water for Construction, Cost and Advantages of Curing Cheese."

Mr. P. Bell, Tavistock, gave a short talk on "Ice in Curing Rooms." Mr. Adenhold, instructor of the Wisconsin Dairy School, being called upon, gave the latest word in regard to curing rooms and other topics in connection with cheese-making.

Prof. W. J. Jordan addressed the convention on "Feeding Standards." Hon. Mr. Fisher during the evening presented the medals won for dairy exhibits.

SMASH IN ST. THOMAS YARDS.
Express on the Wabash Jumped a Switch and Demolished Cars.
St. Thomas, Ont., Jan. 19.—As No. 6 southbound train was coming into the Wabash yards here yesterday morning about 8 o'clock it jumped a switch and demolished a couple of coaches and a baggage car, delaying traffic for three hours. The express was due here at 3 a.m., and being a couple of hours late was running at a high rate of speed.

None of the passengers were hurt, but a severe shaking up. The escape of the baggage car was a narrow one. The wreckage was cleared at 7:30 and the train proceeded eastward at 8 o'clock with two coaches only.

THE HAWAIIAN CABLE BILL.
Brought Up in the House of Representatives at Washington—No Action Taken.

Washington, Jan. 19.—In the House yesterday the Hawaiian cable bill was considered in committee of the whole. The bill authorized the President to contract with the Pacific Cable Company of New York at the rate of \$100,000 per year for 20 years for the transmission of Government messages from San Francisco to Honolulu and the Hawaiian Islands.

LAURIER'S TRIBUTE TO DINGLEY.
America Has Lost One of Her Oldest and Finest Statesmen.

Montreal, Jan. 19.—A special to The Herald from Washington, dated Jan. 18, says: "Of the numerous expressions of esteem and sympathy for the late Senator Nelson Dingley, none is more eloquent than the following from the Hon. Sir Wilfrid Laurier: 'By his demise,' said the Canadian Premier, 'America has lost one of her oldest and finest statesmen. It was his possible to know Mr. Dingley without entertaining for him the respect which a man of high character and mental attainments always inspires. The longer one was associated with him the higher became the opinion of his worth. His was the spirit of the highest type, and his untimely departure is a cause for national sorrow.'"

He May Strike an Ugly Snag.
London, Jan. 19.—The St. Petersburg correspondent of The Daily Mail says: "In the event of disturbance following upon the death of the Amir of Afghanistan, the Russian General Beglovoff, Governor of the Trans-Caspian district, who has a force of 30,000 men, has direct orders to take Herat, 300 miles west of Kabul, and a post of great military importance."

Another Alleged Forger.
Montreal, Jan. 19.—The arrest of Mr. Charles Curran on a charge of forgery, procured by the Grand Trunk Railway Company is to be followed by a second arrest. Lately, it is said, the company has been fraudulently robbed, not only as they allege by Curran, but by another clerk, who got away with \$1,000. This happened about six months ago. Mr. W. Hurst, the clerk in question, escaping to the United States. He is also accused of forgery, and his arrest is being sought some way in the charge against Curran.

Tossed by the Waves.
New York, Jan. 19.—The Atlantic Transport Line Marquette has arrived here from London, about nine days late. The long voyage was due to the extreme heavy weather encountered, and to the fact that the steamer had a small cargo of coal, which was used for fuel.

Carbon Trust Clutches Canada.
New York, Jan. 19.—The Wall Street law firm of Butler, Norman, John & Myers engineered the big carbon deal which has absorbed all the principal manufacturers in the United States and Canada, under the name of the National Carbon Company. The capital stock is \$10,000,000. In addition to the United States industries, the new company will have a large interest in the Ottawa Carbon Company of Ottawa, Canada, which company controls the carbon industry of Canada.

A Dive to Death.
The man who was killed by a falling barrel at the Toronto Exhibition on Wednesday, Jan. 18, was identified as John Reid, a man of about 30 years of age, who was a native of Scotland. He was killed by a falling barrel of cement, which fell from a height of about 20 feet.

HONORS WERE EVEN.

The Local Hockeyists and the Frontenacs Play a Tie Game.

The much-heralded Frontenacs hockey team of Kingston journeyed to this city last evening to play the return match for a hot contest and the visitors were surprised at the reception which awaited them. At the conclusion of the match the score was a tie, both teams having scored four goals. There is no denying the fact that the Kingstonians were charged at the language of the referee, but the result, as they anticipated, was a tie.

At 8 o'clock sharp Dr. J. Harty, of Queen's College, Kingston, blew his whistle which called the puck chasers upon the ice. At this time there was a good deal of tundra and the local team was the one that was favored.

The referee soon had the game under his direction:

Belleville Position Frontenacs
W. Nolan Goal E. Hickey
J. Francis Cover Point W. Hamilton
J. Wallace Forward S. Wilson
J. Lang Forward J. Raynor
W. McGuire Forward J. Raynor

The time keepers were Messrs. W. Thompson and A. Sutherland. Dr. Goldsmith and H. L. Goss were goal judges. The referee was Mr. G. H. Goss.

It was apparent that both teams were determined, as they started out at a great pace. The puck was kept flying over the ice very rapidly, being hit at one end of the rink and then at the other. After 8 minutes play had succeeded by a beautiful play in scoring the first goal. The referee was Mr. G. H. Goss.

After an intermission of 10 minutes the teams were again called out. At this time the referee was Mr. G. H. Goss.

The game was as swift as ever, the Frontenacs appearing to be determined to turn the scale, but they were just as hard played by Belleville's fine defense. In two minutes after play commenced McGuire again scored for Belleville, and he looked as if he was going to score again.

At this time the referee was Mr. G. H. Goss.

THE GENTLE ART OF POISONING.

It became a Positive Mania in the Seventeenth Century.

The art of poisoning, if we are to believe an ancient authority, must be reckoned one of the least honorable of the arts we are less prone to our ancestors, and carry our refinement even into our crimes.

One of the most notorious poisoners of the day was Locusta, the murderer of the Emperor Claudius. She was a woman of low birth, but she was a woman of high intelligence.

THE PROGRAM LAPPED OUT.

Sir Edmund Monson Prepares the Way for French Negotiations.

A Solution, Which is Foreseen, is Cautioned, Is Thought Probable—An Anglo-French Treaty of the Highest Importance Expected to Be the Outcome. The Unsettled Details Will Require Much Forebearance and Patience.

London, Jan. 21.—The Paris correspondent of the Daily Chronicle says: "I am informed that Sir Edmund Monson (the British ambassador to France), in an interview with M. Delcasse (French Minister of Foreign Affairs), has virtually laid down the basis of negotiation upon all disputed points between France and Great Britain. The program as far as amounts to an Anglo-French treaty of the highest importance. In official circles, the latest developments are being watched with the greatest interest, and while the Anglo-French treaty, which has been hinted at, is not yet realized as yet, they only leave one or two details of mutual compensation, commenting upon the foregoing dispatch from Sir Edmund Monson, it is thought the news almost too good to be true."

Samoan Situation.

The Indications Are That Some Good News Will Yet Be Furnished.

From That Source.

The Foreign Office of the Associated Press that the official reports received from Samoa, the Government of Samoa, has been received by the Associated Press. In any event, Germany will not support any possible irregularity in the conduct of the treaty, but the Foreign Office officials point out it is not yet clear that the German consul at Apia has been guilty of any irregularity of that nature. On the contrary, the Foreign Office insists it still remains to be explained why Matafua's election was declared invalid, as he was admittedly elected by an overwhelming majority. The Foreign Office admits that Germany has long been dissatisfied with the convention, which in its nature is provisional, though, unfortunately, other powers, especially the Washington Convention, have thought otherwise. The Foreign Office officials say that Great Britain is adopting the "open door" policy in the Samoa, see therein prospective advantages for German trade.

The Kaiser Is Not Busy.

Berlin, Jan. 21.—Kaiser Wilhelm yesterday had a long conference with Baron von Bülow, the Imperial Foreign Secretary, and afterwards with Sir Frank Lascelles, the British ambassador. It is assumed that Egyptian and Samoan affairs were under consideration.

Judging from the tone of the German press, France has little to hope for regarding the Sudan convention in this direction.

The Berlin papers, satisfied that Great Britain is adopting the "open door" policy in the Sudan, see therein prospective advantages for German trade.

Will Bring Them Face to Face.

Paris, Jan. 21.—According to the Solr, the Court of Cassation intend to conclude the enquiry by confronting Cap. Le Brun Renaud, who was in charge of the troops at the time of his degradation, with Dreyfus himself. The necessity for this confrontation is advanced as a pretext to justify the delay.

Police Court

David Kelly, of Milltown, was arrested Saturday for being drunk and disorderly and was before the P. M. this morning. He pleaded guilty to the offence. This being his first offence and he having no means, the Magistrate told him to go "and sin no more."

A Valuable Colt Dead.

On Saturday evening Mr. J. W. Butterfield, of this city, had the misfortune to lose a valuable colt. It was but two years of age and gave promise of becoming a fast horse. The cause of death was inflammation.

License Commissioners.

The following have been appointed for North Hastings: James Sprague, M. D. Robert T. Gray, Michael O'Brien.

A Trenton Case.

Police Magistrate Flint and County Crown Attorney Anderson, were in Trenton this afternoon to try and to prosecute a young man who is accused of a serious offence.

THE INTELLIGENCER WAS THERE.

Our local contemporaries, both of whom claim the doubtful honor of being the only local exponent of art principles in their respective purities, are engaged in showing up each other with engaging candor, although in decided violation of the canons of good taste. The Ontario on Saturday night contained a lengthy and exhaustive panegyric upon the Surrey's recent acquisition. It repeated his career, gave a flattering estimate of his mental powers and professional knowledge, deduced a few practical lessons therefrom and applied them with the gentle pressure of a six ton sledge hammer. The ostensible provocation for this contribution to the literature of archaeology, was the fact that the Surrey's Editor, with lofty scorn, born no doubt of the sense of superior knowledge and a higher sense of professional honor had described a statement of the Ontario as "a shameless fak." As to the merits of the controversy we know nothing, but to one of the statements of our irate contemporary nearest the bay we take decided exception. It says: "The other papers content themselves with the contradictory stories they gathered on the streets." This, of course, to the sad drowning accident which occurred here on Wednesday evening last, and which is ill-fitted to form the basis for a newspaper controversy. In justice to this paper, we might say that a reporter of THE INTELLIGENCER was on the scene immediately after the rescue and received the particulars from the lips of Mr. Arnold and his companions. It may be quite true that the Ontario reporter was the only newspaper man who visited Mr. Arnold's the following morning, but it must be remembered that an INTELLIGENCER man had been there twelve hours before. And so it goes. There is a belief among seafaring men that a Yankee will in the future succeed in reaching the long-sought for North Pole, but at the foot of it, wrapped in the old Union Jack, will be found the body of a son of Albion. Let our related contemporaries remember that although their reports may seem to be the first upon the scene of any event of importance, they will usually find that THE INTELLIGENCER has been there several hours before, and that our report is by far the fullest and most correct. In the case of the drowning accident referred to, the Montreal Witness, a Grit paper, passed by the reports of the other local papers to compliment THE INTELLIGENCER upon the full account given.

OUR CITY'S GAS.

How it Compares in Illuminating Power With That of Other Cities.

It is Three Degrees Above the Required Standard - A Defect Pointed Out.

A great deal has been said about the gas supplied in this city, and it is only fair to say that the quality ranks high in the Government reports. A blue book just issued contains the result of tests made monthly in various places for the year ending June 30th, 1898. The Hamilton Herald has made an average of the results of the whole year, and the results are herewith given. The figures show the illuminating power measured in candles in a jet:

Guelf: 23.09
Napane: 22.09
Kings: 22.09
Owen Sound: 22.04
Brantford: 21.81
Uttawa: 21.81
Barrie: 21.81
Woodstock: 20.49
St. Catharines: 20.49
Toronto: 20.49
Belleville: 20.10
Ingersoll: 19.70
Dundas: 19.70
Brookville: 19.58
Galt: 19.20
Berlin: 19.20
Sarnia: 19.11
St. Thomas: 18.23
Caledonia: 18.23
Port Hope: 18.04
Hamilton: 18.00
Colborne: 17.79
Chatham: 17.03
Windsor: 16.99
Stratford: 16.91

While we do not dispute the correctness of the tests made at the Inspector's office here, it is a well known fact that the pressure on Bridge st. east, and the streets intersecting it is not what it ought to be and should be improved. The Government standard, 17 candle power, is altogether too low, and should be raised to at least 20.

AFFLICTED AMELIASBURG.

Diphtheria Again Prevalent in the Western Part of the Township.

Diphtheria is again prevalent in the township of Ameliasburg. Five cases, in three families, now exist in the western part of the township, three of which will probably prove fatal. A meeting of the township Board of Health will be held in Hobbs' Mills this afternoon to discuss measures for isolating the infected neighborhood and stamping out the disease. The Reeve had to refuse permission to allow services over the late Mrs. Burley, of this city, to be held in Albany, owing to the presence of the disease in that locality.

UNDER THE CAR

A Brakeman on the G.T.R. in a Dangerous Position.

Early Saturday afternoon Prakeham Shaker, who is one of the way freighters running between Lindsay and Belleville, had a narrow escape from being crushed while at work in Peterboro. They were making a shunt up the long siding opposite the G.T.R. station, when the brakeman, who was standing at the end of the car, slipped and fell between the rails. He was completely over him. He was not injured in any way except that his face was somewhat scratched. Had the brakes been lower he would have been in an extremely dangerous position.

Gratifying Improvement.

"My face was covered with pimples and blackheads which I began to take Hood's Sarsaparilla, but after the use of this medicine a short time I was cured of them. I cannot recommend it too highly, since it has done so much for me." MAY RYAN, North st., Osgoos, Ontario.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

Mrs Burley's Funeral.

The remains of the late Mrs. Harriet Burley were interred yesterday afternoon at the Albany burying ground, Prince Edward County. The cortege proceeded from the city to the Methodist Church at Rodnerdville, where services were being conducted by Rev. U. W. Watch of this city. The edifice was filled by friends of the deceased and high praise was rendered: Messrs. H. Wessie, W. Glenn, R. Brickman, N. Guile, H. Black and D. H. Delong.

The Reeve of Ameliasburg Sounds a Note of Warning to Skaters.

Reeve Anderson, of Ameliasburg, in conversation with THE INTELLIGENCER to-day, urged us to warn the young people of the city of the danger of skating on the bay at night. Opposite the old mill near the bridge, where in former years the ice was strong enough to carry loaded vehicles there is this year a long stretch of very bad ice and in some spots open water. Anyone skating or ice boating there is almost certain to go through. Cracks are constantly opening in the ice in all parts of the bay and skating there at night is no thing less than foolhardy.

Counterfeit Money.

Our citizens should be on the alert for the detection of counterfeit money, as there appears to be some in circulation. (On Saturday one of our merchants received in payment for goods a lead 50c piece which is a good imitation, but light in weight.

All This Week

Your money counts big value in our Fish Sale, which will then close. Nine lines are selling in China and colored silk. China dishes for a very low price. Tea, cups, saucers, plates and side dishes to match. Walk to the dock and look around. It will pay you - Strouds.

Saturday Night,

The Reeve of Ameliasburg Sounds a Note of Warning to Skaters.

Reeve Anderson, of Ameliasburg, in conversation with THE INTELLIGENCER to-day, urged us to warn the young people of the city of the danger of skating on the bay at night. Opposite the old mill near the bridge, where in former years the ice was strong enough to carry loaded vehicles there is this year a long stretch of very bad ice and in some spots open water. Anyone skating or ice boating there is almost certain to go through. Cracks are constantly opening in the ice in all parts of the bay and skating there at night is no thing less than foolhardy.

SPORTING NEWS.

Daily Intelligencer.

OUR FIRST NUMBER.

The News of Belleville Thirty-Two Years Ago.

The Modest Beginning of The Daily Intelligencer—The News Then Fresh.

The first number of THE DAILY INTELLIGENCER was issued on the evening of Wednesday, May 1st, 1867. It was a five column four page paper, the pages filled almost one-half the length of those at present issued. The opening announcement is as follows: "To-day we issue the first number of THE DAILY INTELLIGENCER, and though not presenting so large and imposing an appearance as many of our city contemporaries, we shall endeavor to render it worthy the patronage of the people of Town and County, and hope to be justified in presenting a larger sheet to the public." At that time it was deemed a presumption as foreshadowing proceeding to attempt to issue a daily paper here and it was freely predicted that it would soon come to an inglorious end. An election was proposed then and some contended that it was merely a campaign sheet, which would disappear when the contest was over. But it is still flourishing bright, better and more prosperous than ever.

On the first page, in addition to three columns of advertisements, there is a society discussion on The Future of the New Dominion, which is credited to St. John's News. Confederation, then the subject of burning controversy in the Maritimes, is extolled, and a roseate picture is given of the time when St. John would be to Canada as Alexandria is to Egypt.

On page two is the local and telegraphic news, as well as a long original editorial article showing up the inconsistencies of the Toronto Globe and its editor. A telegram from London is given, dated April 30th, announcing that the war preparations in France have been stopped, but that Belgium is arming. The American despatches tell of a great fire in St. Louis, loss \$125,000; give the mortality of New York for the previous week as 400, and state that the war preparations in Lincoln's assassination is to be tried on the 27th inst.

A change in the G.T.R. time table is announced. Two express trains and one mixed ran east and west at that period, and in addition a merchant's express freight, on which no passengers were allowed. A telegram from St. John, N.B., announces that the senators appointed for New Brunswick for the first Parliament of Confederation, Canada, are: Hon. Messrs. John Ferguson, Peter Mitchell, Francis Rice, David Wark, E. B. Chandler, H. E. Bostford, W. H. O'Neil, T. D. Todd, R. S. Wilton, Dr. G. Connell, John Robertson, R. J. Hansen and W. Stevens. Of these none are now members of that body.

STOLE A SWEATER.

A young man named Stanley Goon was before the Police Magistrate yesterday afternoon charged with stealing a sweater from the Y.M.C.A., the property of Willie Walker. The offence was proved and the accused was fined \$1 and \$1.50 costs and in addition was given a suspended sentence of one month in jail.

Arrested for Theft.

Constable David Briggs, of Iroquois, came to this city this morning and arrested John MacLaren, of this city, on a charge of fraudulently retaining a horse, the property of an Iroquois man. He took the prisoner east on the noon train.

The Octoroons.

John W. Lahan's Octoroons appeared at the opera house last night and were greeted with a good house. A portion of the performance gave general satisfaction, but upon the whole it was not up to expectations. The chorus singing was only fair, and the majority of the songs rendered were old.

Stole An Overcoat.

Wm. Leonard, for stealing an overcoat from Dennis Munville, was sent to jail for ten days. Leonard said the coat at a second hand store, and with the proceeds he became intoxicated, in which condition he was arrested last night. The coat has been returned to Munville.

The County Council Declines To Meet the City Half Way.

An Interesting Debate On the Proposition.

Wednesday, Jan. 26th.

AFTERNOON SESSION.

Council resumed at 2 o'clock, Warden English in the chair.

Mr. Mallory gave notice that he would on Thursday introduce a By-law to appoint a Board of Examiners for third class teachers.

Mr. McFarlane gave notice of motion to borrow a sum of money from the bank.

Mr. Cross gave notice that he would introduce a By-law to appoint High School Trustees and Board of Auditors.

Mr. Holgate moved, seconded by Dr. Faulkner, that Mr. F. B. Parker be appointed Chairman of the Roads and Bridges Committee. Carried.

On motion the Committee of the Whole on Ways and Means resumed, Mr. Denys in the chair.

The matter of the fat stock show was then taken up.

Mr. Mallory spoke in support of the matter. Belleville had now the necessary building for the holding of the show. The show skating rink was in every way suitable for such a purpose. The city has to provide, in addition to the building, heat, light, water and straw. The expense, he thought, would be about \$200. A dairy class is added to the show. The prize list is a large one, amounting to about \$4,000. He was prepared to meet the city half way. He moved that \$150 be granted to the city of Belleville to assist in defraying the expenses in connection with the holding of the fat stock show.

The Warden said that no doubt the show would be a benefit, but there was no guarantee that it would be more than one year. He was in favor of the show and if the granting of \$150 would secure the fair, he would support it.

Mr. Hanley thought the County of Prince Edward should assist in this matter, as it was in close proximity to the city. He was in favor of granting \$100.

Mr. McFarlane said Belleville had a good building for the holding of the show. He believed the fair would be held here more than one year. He (the speaker) had on the authority of Col. Ponton that the drill shed could be secured for the holding of the show. He thought the city should take the initiative in this matter. He was in favor of granting \$100.

Mr. Cross thought that Belleville would receive the greater benefit of the fair. He was in favor of giving a grant of \$100, towards assisting the show.

Mr. Holgate concurred in all that had been said, with the exception of granting \$100. He believed the fair would be held here more than one year. He (the speaker) had on the authority of Col. Ponton that the drill shed could be secured for the holding of the show. He thought the city should take the initiative in this matter. He was in favor of granting \$100.

Mr. Clark was in favor of the show for various reasons. Those who have visited the fat stock show in the West have been much pleased and felt that the money expended was money well invested. If anything could be done to educate our farmers in the holding of such shows it would prove to be a great benefit. He was in favor of the grant even though it was \$100.

Mr. F. B. Parker would vote for \$100 and no more. Belleville would reap the benefit and not the County in general.

The motion to grant \$150 was defeated and the amendment granting \$100 was carried.

An account of Mr. Foster as nominating officer for No. 5 Division of the County amounting to \$19.35 was read and laid over for further consideration.

Moved by Mr. A. McFarlane, seconded by Mr. Hanley, that the sum of \$25 be granted to the North, East and West Hastings Farmers' Institutes. Carried.

Moved by Mr. McFarlane, seconded by Mr. Hanley, that a statutory grant of \$25 be given to the Teachers' Institutes of North and South Hastings. Carried.

Moved by Mr. Douglas, seconded by Mr. Lancaster, that the usual grant of \$900 be given for the school sections of North Hastings. Carried.

On motion the Committee rose, reported progress and asked leave to sit again. Granted.

Moved by Dr. D. W. Faulkner, seconded by Mr. Parker, that a committee composed of Messrs. Cross, Holgate, County Clerk and Mr. Denys be a committee to consider the matter of the accounts of the nominating officers of the County. Carried.

Council adjourned until 10 o'clock Tuesday morning.

THURSDAY, JAN. 28.

MORNING SESSION.

Council resumed at 10 a.m.

The minutes of Wednesday's sessions were read and confirmed.

On motion the Ways and Means Committee resumed, Mr. Denys in the chair.

The following accounts were ordered to be paid—Belleville, Jan. 23, A. M. Pringle, \$5.53; Newcomb & Gilbert, Toronto, \$3; Ontario, \$42.00; Nas. G. Wilson, \$1.25; Board of Examiners, \$131.25; John W. Lahan, \$11.65; Examining Institute, \$12.15; John W. Lahan, \$11.65; H. W. Day, \$6.00; Municipal World, \$3.84.

E. C. F. CONVENTION.

Campbellford District Leaguers Hold Their Annual Convention.

Three Interesting Sessions -- Bright Papers and Able Addresses.

(Special to the INTELLIGENCER.)

WARKWORTH, Jan. 25.—The fifth annual Convention of the Campbellford District Epworth League was held here yesterday.

The first session opened at 10.30, Rev. J. W. Totten introduced a By-law to appoint a Board of Examiners for third class teachers.

In the absence of the President, Mr. S. J. Abernethy, through illness, the Vice-President, Rev. Mr. Campbell was called to the chair. Rev. J. R. Peake gave an instructive Bible reading.

Rev. F. Johnson, Hastings, conducted the devotional exercises at the opening of the second session, after which a two minute report was read from each league.

The District Treasurer's report was read and adopted. Misses Love and Lord, of Warkworth, sang a duet, after which Mr. F. C. Stephenson, of Toronto, gave a stirring address on the Forward Movement for Missions. In the absence of Rev. M. McCauley, of Kenoa, Mrs. Campbell very acceptably read a paper on the "Epworth League Reading Course." A splendid paper was read by Mr. T. H. Milla, Campbellford, on "League Members in Revival Work."

At the closing session, after a bright song service, Rev. F. Johnson, of Hastings, spoke on Consolation.

A resolution was read by Mr. T. Milla, of Warkworth, that the Campbellford District of the Epworth League do all they can to support the Rev. Mr. J. S. of Whitefish Lake, N. W. T., now laboring among the Indians, and that the General Board send the picture of this man and a short sketch of his life for distribution among the Leagues of this District.

On motion of Mr. Spafford this resolution was adopted, and, after discussion, carried. After several earnest prayers for deeper consecration, the meeting adjourned.

A resolution on motion of Mr. Campbell, that Sirling be recommended as the place for holding the next convention, was carried.

The following officers were elected for the ensuing year:

Hon. President Rev. John Trotter, Warkworth.

President—Rev. Wm. Johnson, Sirling.

1st Vice-President—Miss Della Massey, Warkworth.

2nd Vice-President—S. J. Abernethy, Campbellford.

3rd Vice-President—Lloyd Smith, Northam.

4th Vice-President—Mrs. R. Duggan, Hastings. Miss Porter, Kenoa.

Secy-Treas.—Miss Flora Martin.

The officers are to form the executive committee.

The White Fair.

The White Goods Fair at Meats, Geo. Ritchie & Co. began today. It is well worth anyone's while to pay the store a visit if only to see the pretty manner in which it is decorated. Everything is draped in pure white and presents a striking appearance. The three large show windows are all dressed in white goods, the south one with Sheenies, Fine Cottons, Linens, etc., and a centre card announces the sale of Household Nappery. The centre window is draped with Ladies' Lingeries, such as Corset covers, Night Gowns, Chemises, Drawers, etc., with a mirror at the back covers a very pretty effect.

The north window is all dressed in men's white wearing apparel, such as White Shirts, Collars, Cuffs, Neckwear, etc., and a card announces a special sale of English and West Indian linens. In the Underwear Department all the tables are covered with Ladies' and Children's White Underwear. The firm must have gone to a lot of trouble to make the place look so pleasing. As the Fair continues for a fortnight all the ladies will have an opportunity to pay it a visit.

Men's Frieze Ulsters

Corduroy Lined, \$4.50.

We have a few sizes of men's all wool frieze ulsters with high collar and corduroy lined, shades grey or brown, which we will clear at \$4.50 each. The regular price was \$6.00 and \$7.00. —QUICK & ROBERTSON.

County Council Notes.

Mr. R. Mallory, of No. 1 Division, and Dr. D. W. Faulkner, of No. 2 Division, are the only new men in this year's Council. These two gentlemen have, however, been in the Council in previous years.

Going to illness the County Treasurer, Mr. Thos. Wills, is unable to attend sessions of the Council.

Much regret is expressed by the members at the absence of Mr. J. W. Pease, owing to illness.

Warden English fills the honorable position to which he has been elected with dignity and despatch.

\$7 Overcoats For \$5.

Just three sizes left, 37, 40 and 44, and you get a genuine snap. It is hard clearing out the balance of a line of overcoats, so the Old Hall are reducing the sizes. We have one 37, two 40 and one 44, a genuine good \$7.00 heavy overcoat, beautiful trimming and you get them for \$5 if the sizes are right for you. Come and try.

Daily Intelligencer.

THE ROYAL COAT OF ARMS.

The Canada Gazette, which is published "by authority," prints at the top of its front page the British Royal Coat of Arms, which appears exclusively to the sovereign government. The Canadian Coat of Arms is not good enough for the Canada Gazette and how can the Government justify the use of the Coat of Arms of the sovereign power? The thing is so manifestly absurd that we wonder it is allowed to continue.

Such is the time which the Grit Press of Winnipeg is now singing. Canadians have under the impression that they were British subjects, and the Royal Coat of Arms is as much an emblem of authority and recognition of Royalty in Canada, as in England. It appears, however, from this new western light that Canada is not justified in using the Coat of Arms of the Empire, of which Canada is no insignificant part. To ask that this ancient emblem of which every Briton is proud should be thrust aside is little less than treason. "Is the Canadian Coat of Arms," asks this new mentor in loyalty to the Crown, "not good enough for the Canada Gazette?" Certainly it is, but it should never be used to replace the Royal Coat of Arms. Certainly it is, but it should never be used to replace the Royal Coat of Arms. Certainly it is, but it should never be used to replace the Royal Coat of Arms.

A BILL FOR "GOOD ROADS"

To be introduced at the coming session of the Assembly.

Toronto, Jan. 26.—It is said that one of the bills to be presented at the coming session of the Ontario House will be a "Good Roads" bill to provide a grant towards the maintenance of the main roads, providing Government supervision, leaving the townships to look after their own. With this will be coupled the suggestion that the Government advance money on debenture to the counties in order that the work may be entered on simultaneously. This would be right in line with the highway act.

In May last three meetings were held in the County of Dufferin, under the auspices of the County Council, and in December a petition was framed, making representations to the Lieutenant-Governor in Council by the municipalities, was a great deal of money owing to the municipalities for road-making, or rather the municipalities would receive 20 cents additional on the dollar, which, with the 80 cents already paid, would make 100 cents on the dollar. At the last meeting of the directors' committee of \$100,000. After some discussion this was accepted by the meeting.

BAUQUE DU PEUPLE.

The Depositors Will Probably Get 75 Cents on the Dollar.

Montreal, Jan. 26.—There was a meeting yesterday of the depositors of the defunct Banque du Peuple. A statement was read, showing the affairs of the bank on Jan. 1. From this the assets were shown to be \$180,000, and the liabilities to creditors, deposits, etc., \$1,472,346, leaving a deficit of \$1,292,346. With this the depositors would receive 20 cents additional on the dollar, which, with the 80 cents already paid, would make 100 cents on the dollar. At the last meeting of the directors' committee of \$100,000. After some discussion this was accepted by the meeting.

What is Scott's Emulsion?

It is the best cod-liver oil, partly digested, and combined with the hypophosphites and glycerine. What will it do? It will make the poor blood of the anemic rich and red.

It will give nervous energy to the overworked brain and nerves. It will add flesh to the thin form of a child, wasted from fat-starvation. It is everywhere acknowledged as The Standard of the World.

A Trip From Berlin to the Russian Frontier—30 Miles an Hour.

Berlin, Jan. 26.—Three officers belonging to the aerostatic section of the Imperial army have just made a balloon trip from Berlin to a point beyond the Russian frontier. As the trip was made in the little town of Gumbinnen, where the balloon came to earth, the party was cordially received by the officers of the town. During a part of the trip, which consumed five and a half hours, the balloon travelled at the rate of 30 miles an hour.

DUTY ON OUR LUMBER

Is the Principal Thing Remaining to Be Settled by the Joint High Commission at Washington.

New York, Jan. 26.—A Washington dispatch to the Standard says that the "rate of duty to be charged upon Canadian lumber coming into the United States is said to be the principal thing now remaining to be settled by the Anglo-American commission, which has been dispatched to settle the duties on lumber.

A delegation of Michigan lumbermen has been sent to Washington and will go before the American commission to urge them to agree to a compromise of \$1 a thousand feet of lumber. If some arrangement is not made by which they can secure logs from Canada they will have to close their mills. Three-fourths of their product goes through planing mills and box factories, and these must close.

ROLLING MILLS SITE.

The Old Cricket Field to be Secured.

The Executive Committee Unanimously Endorse the Proposed Change of Site—Messrs. Abbott and Mitchell to Receive the Grant Voted to the Company.

On Saturday evening a meeting of the Industrial Committee of the City Council was called for the purpose of conferring with Messrs. Abbott and Mitchell in relation to the proposed change of site for the establishment of the rolling mills. The meeting was held in the Mayor's office, City building, and all present were unanimous for the change when it was known that the site at first selected was found to be inadequate to the requirements of the Company.

These present were Mayor Johnson, Ald. Jones, Doyle, Robinson, Starling, Hanley, City Solicitor S. S. Macdonald, Mr. Pringle and Messrs. Abbott and Mitchell. Mr. Hangerford, Chairman of the Industrial Committee, stated that the meeting had been called to consider the question of a change of site for the proposed work. As the matter would involve a question of finance he suggested that it be resolved into a meeting of the Executive Committee, which was adopted, and Ald. Doyle, as Chairman of the Executive Committee, was called to the chair.

Mr. Mitchell was called upon to address the committee. He stated that the first site selected, near the Grand Junction dock, was not large enough for the plant, which would be considerably enlarged from that at first proposed, owing to Mr. Abbott's works being amalgamated with his. All they desired was a site where they would have sufficient room.

The most desirable place was the grounds known as the cricket field, a short distance east of the first site proposed. They desired to have a place convenient to a railway and also a water front.

In answer to a question, Mr. Mitchell stated that the very desirable site of Wharf at, opened up to the cricket field. Ald. Hanley said the course we should pursue was clear. He was pleased that Messrs. Mitchell and Abbott were present. He thought that everything possible should be done to assist these gentlemen in procuring a desirable site, especially as the works were to be considerably larger than at first contemplated. He moved that the motion be adopted by last year's Council for the purpose of a site for the rolling mills be granted to Messrs. Mitchell & Abbott, for the purpose of purchasing a site suitable for their plant.

Ald. Hangerford said he would take much pleasure in seconding the motion. Mr. Henry Pringle, in answer to an enquiry, stated that the Council had informed him that in his offer to the city giving an option on the cricket field south of Wharf at, to enable the city to extend what is to the width of 50 feet, the full length of the lot to be occupied by the Abbott-Mitchell Company.

The Mayor thought that a 50 foot road would be a sufficient width. The motion would be congratulated upon the fact that the Abbott-Mitchell Company were extending their enterprise. It is apparent that the plan is to be a large one, and that which was at first contemplated. The city in his opinion should give the company the right to an agreement in this matter. We should come to an agreement in this matter of a site as soon as possible. We cannot get a clear title to the water front proposed at first, as it is not known which Government owned it. He was in hearty accord with the motion proposed.

Ald. Jones and Col. Fontenay would put his offer in writing. Ald. Doyle did not think there would be any opposition to the change of site. The motion was carried unanimously and the grant of \$2,000, as passed in the By-law, will be given to those gentlemen to purchase the site.

NOTES.

Arrangements for the erection of the works will be rushed forward. Mr. Abbott has returned to Montreal.

A MORNING WEDDING.

St. Michael's Church the Scene of a Pleasing Event.

A number were present at St. Michael's Church this morning to witness the marriage of Miss Louise Jordan, of Sidney, to Mr. Archie McDermott, of the front of Thurlo. The ceremony was performed by Monignor Farrelly. Mr. McDermott was best man, whilst Miss McKenty, of Centreville, assisted the bride. After the ceremony the company drove to the residence of Mr. Thomas Jordan, in Sidney, father of the bride, where a wedding breakfast was partaken of. The young couple left this afternoon on a wedding trip to prominent places in New York State. On their return they will reside in Thurlo.

Belleville Methodists Contribute Liberally to the Great Montreal Church.

Her Claims Eloquently Presented by The Different Pastors—How She Came to Be in Difficulties.

Yesterday the Methodist church of the Belleville District observed what is known as "St. James Church Day," the contributions being devoted to the redemption of the debt hanging over St. James Church, Montreal. Appropriate sermons were preached in all the pulpits.

BRIDGE ST. CHURCH.

At the morning service, Rev. Charles E. McIntyre took as his text Ezek. 4: 10. When thou vowest a vow unto the Lord defer not to pay it; for he hath no pleasure in fools; pay that which thou hast vowed.

A student of theology, who has by God's teaching us to pay our vows. Mr. McIntyre, usually looks more closely after his dues than after his liabilities. A thief is despised at the thought of anyone stealing from him. We may be careless about paying other what is due by us, but we declare it robbery if our debtors do not promptly pay their dues to us. It is not reasonable that God should be so desirous of the sense of equity, should expect us to pay vows which are simply voluntarily contracted dues? A man is a fool if he violates a contract, the conditions of which he of his own volition agreed to. When we do now, we ought to pay, to abide by the letter and spirit of our promises.

Most men are wont at certain times in their lives to be moralists, and all moralists make vows. When we have a moment of reflection and look back and view ourselves and see the many shortcomings of our past and we look out in the future, we long for something better, and as we ourselves say, "form good resolutions." We are not conscious of the frequency with which we make vows to God. Often we do so when we do not speak his name. All our good resolutions are vows to him, and if unfulfilled, will come up before us in eternity.

Vows are made by us when we come into temporal prosperity, in times of spiritual prosperity, in times of revival, in times of adversity, on the anniversary of our birth, at the beginning of the year, in commemoration of an important event in our history, in fact our whole life is filled with promises which have not been kept. According to the last we say to pay our vows, we pay them promptly, pay them in kind and pay them in amount.

Mr. McIntyre then laid before the congregation the state of affairs of St. James Church. Ever since 184 St. James has been in the City of Montreal a centre from which radiate the influence of the Gospel for God in the lives of thousands living in sin in that vast city. Its influence, has always been for good, not only has it been a place for the preaching of the Gospel, but it has been the spiritual and spiritual condition of man, has been employed. It has also been the starting point of missions in Montreal, every Methodist church in that city, and there may have been helped. Only 15 or 20 years ago, one of the strongest of the minor congregations of the city was still a centre from St. James.

Montreal needs all the good influences for it is a terrible city in a moral sense. We might talk of the darkness of China and Japan, but in our own country was a city steeped in darkness of another kind. The speaker had seen a city there, and in a city in America, certainly not in Canada, was the Sabbath outraged, and in no city was so rampant, and so difficult to restrain and control. The only thing which could remedy this state of affairs was the Gospel as preached in St. James and the other Protestant churches.

St. James has gotten into difficulties. In the first place she lost her constituency. The commerce of the city expanded and moved to the west and north, and the people who formerly lived in that part of the city moved on to the west and north and united with other Methodist congregations. St. James congregation decided to move and built on St. Catherine st., but the people had become attached to their new buildings and did not return to her. Then she lost her best men. Many of her best men died, wealthy many of them, men who thought nothing of giving their money to support the church. Some similar had occurred in Bridge St. Church. Of those who were members of the church three years ago, when the present pastor came, many are gone, whole families have moved away. We feel the loss, and in a greater measure, St. James suffered.

When they moved they received an offer of \$30,000 for the old building, but even the shrewd business men who composed the trustees board could not see their way out for property. A great collapse in the value of properties occurred and they finally could not get an offer of \$20,000. Then they decided to turn it into the present Temple building in addition for the \$10,000. The people who formerly lived in that part of the city moved on to the west and north and united with other Methodist congregations. Of those who were members of the church three years ago, when the present pastor came, many are gone, whole families have moved away. We feel the loss, and in a greater measure, St. James suffered.

OTHER CHURCH.

At Holloway St. Church Rev. C. W. Whicher, the morning service presented the claims of St. James very forcibly and sympathetically. Over \$10 was contributed. Rev. J. Duke, of Postville, preached in the evening.

Rev. Dr. Galtbrith preached in the Tabernacle in the morning and Rev. N. Hill in the evening. Over \$10 was contributed in response to the appeal.

Mr. W. Johnson occupied the pulpit of

Milinery Announcment.

We have engaged Miss Urquhart, late of London and Berlin, to take charge of our Milinery department in the place of Miss Irwin, who has been with us for several years, and studying the latest modes in the Milinery art, and will be with us shortly. Miss Urquhart, the head trimmer, Miss Simonds, and all our former staff of salesladies and trimmers will be with us as before. Nothing will be left undone to make our always attractive Milinery department even more attractive than ever for the coming season.

HAVE YOU VISITED OUR WHITE GOODS FAIR?

If you have been here, come again, as we are daily receiving new white wear. Some of our goods were unfortunately delayed in delivery, but are coming to hand from day to day, and we welcome you to come in and see the dainty styles and splendid workmanship at such small prices. Everything is marked in plain figures. You can see the prices for yourselves. We were never in such good shape to supply your white wear necessities. Our largely increased space for display, with the splendid light, and cheerful fittings, make our prices cheaper anywhere. As to prices you can't buy the same quality have your purchase home and looked it over, bring it back and YOUR MONEY WILL BE CHEERFULLY RETURNED.

On TUESDAY, WEDNESDAY and THURSDAY we will offer a number of DRESS PATTERNS in both winter and spring weights at remarkably low prices.

Bre'r Gardiner Felicitates.
The Times congratulates Major Edward Harrison, of Belleville, upon his promotion to the Lieut.-Colonelcy of the 4th Battalion. Col Harrison is an old Hamilton boy, but it would be a give-away to tell how many years have passed since he lived here.—Hamilton Times.

NERVES ALL SMASHED.
Indigestion and Dyspepsia are the Arch Destroyers. But South American Nerve Pills Prove the Never-Failing Health Builder.

Mr. Ellen Butler, 37 Colborne St., Toronto, suffered from indigestion in a severe form for several years. She was unable to eat meat, vegetables, was threatened with nervous prostration as a result of chronic dyspepsia. After many remedies had been tried and failed, she began using the South American Nerve Pills. She had taken three bottles, to use her own words, "I can eat anything soft before me, and enjoy it. I feel better, and my nerves are in a wonderful condition for dyspepsia and nervous prostration." Sold by J. S. McKeown.

Potice Notes.
